		Find the	e order		
Yesterday, All	en and his frie	ends, Eden and L	arry went for	a walk. Allen wa	alked a shortei
		nger distance th	200		200
		e description of the			hort to shortest.
		stance than Eden bu		nce than Larry.	
- Here we	are comparing tr	nree things. So we h	ave		
Short	Shorter	Shortest	Long	Longer	Longest
Eden	Allen	Larry	Larry	Allen	Eden
So, Eden walk tl	ne longest distan	ice.			
tree but taller Let's first of all t	r than the orar	an the orange tre	ree is the sho		nan the mang
tree but taller Let's first of all t The man	r than the orar ry to interpret th go tree is taller th are comparing t	nge tree. Which the description of the han the orange tree wo things. So we ha	ree is the sho		nan the mang
tree but taller Let's first of all t The man	r than the orar ry to interpret th go tree is taller the are comparing the	nge tree. Which the description of the han the orange tree wo things. So we ha	ree is the sho		nan the mang
tree but taller Let's first of all t The man Here, we	r than the orar ry to interpret th go tree is taller the are comparing the Tall Orange tree	nge tree. Which the description of the han the orange tree wo things. So we have a mange tree and the mange	ree is the sho	rtest?	nan the mang
Let's first of all t The man Here, we	r than the orar ry to interpret the go tree is taller the are comparing to the comparing the compar	nge tree. Which the description of the han the orange tree wo things. So we have an the mango tree han the mango tree has the m	ree is the sho	rtest?	nan the mang
Let's first of all t The man Here, we	r than the orar ry to interpret the go tree is taller the are comparing to the comparing the compar	nge tree. Which the description of the han the orange tree wo things. So we have a mange tree and the mange	ree is the sho	rtest?	nan the mang
Let's first of all t The man Here, we	r than the orar ry to interpret the go tree is taller the are comparing to the comparing the compar	nge tree. Which the description of the han the orange tree wo things. So we have an the mango tree han the mango tree has the m	ree is the sho	rtest?	han the mang
Let's first of all t The man Here, we Also, the apple	r than the orar ry to interpret the go tree is taller the are comparing the tree is shorter the mparing three the comparing three three comparing three three comparing three compari	nge tree. Which the description of the han the orange tree wo things. So we have an the mango tree beings. So, we have	question ve put taller than the	e orange tree Shorter	Shorte
Let's first of all t The man Here, we Also, the apple Here, we are con Tall orange tree	r than the orar ry to interpret the go tree is taller the are comparing to the comparing three is shorter the mparing three the tree is shorter the comparing three three comparing three three comparing three three comparing t	nge tree. Which the description of the han the orange tree wo things. So we have an the mango tree beings. So, we have tallest mango tree	question ve short	e orange tree Shorter	Shorte
Let's first of all t The man Here, we Also, the apple Here, we are con Tall orange tree	r than the orar ry to interpret the go tree is taller to are comparing to are comparing to are comparing the tree is shorter that apple tree apple tree	nge tree. Which the description of the han the orange tree wo things. So we have an the mango tree beings. So, we have tallest mango tree	question ve short	e orange tree Shorter	Shorte
Let's first of all t The man Here, we Also, the apple Here, we are con Tall orange tree	r than the orar ry to interpret the go tree is taller to are comparing to are comparing to are comparing the tree is shorter that apple tree apple tree	nge tree. Which the description of the han the orange tree wo things. So we have an the mango tree beings. So, we have tallest mango tree	question ve short	e orange tree Shorter	Shorte
