

Name: Class:

Create line graphs

- a. Lisa kept a record of his typing speed scores for the last 10 days. Use the information in the table below to create a line graph.

Typing speed scores										
Weeks	1	2	3	4	5	6	7	8	9	10
Scores	4	10	7	16	8	12	13	17	15	18

- b. The tourist board recorded the number of tourist that have visited the town in the past five months (June to October) in a bar graph. Use the data in the table below to create a line graph.

Tourist visits	
Months	N° of tourists
June	20
July	40
August	35
September	30
October	30

Name: Class:

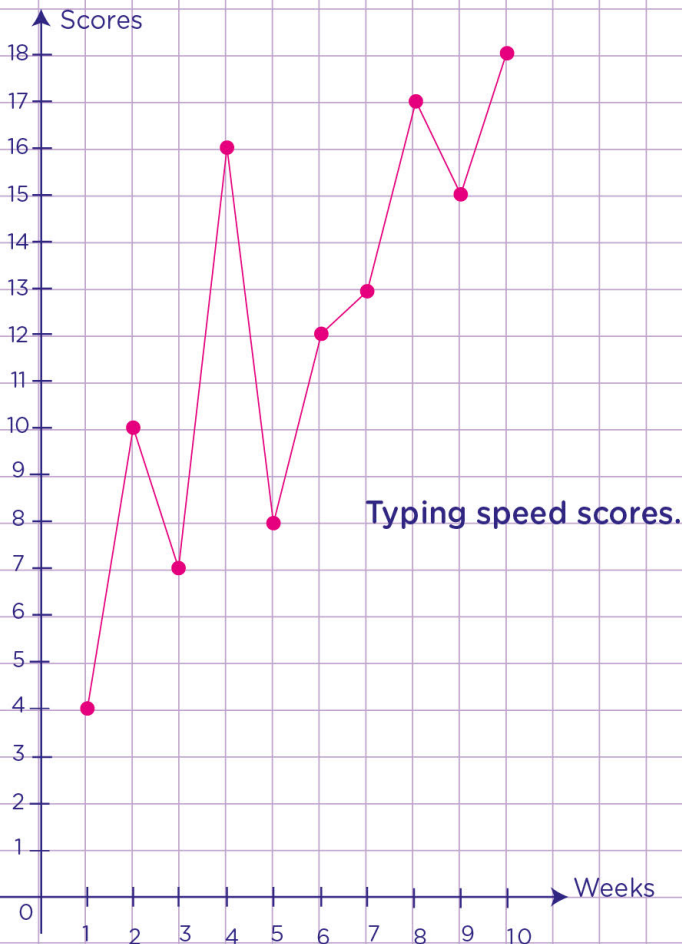

Create line graphs

- a. Lisa kept a record of his typing speed scores for the last 10 days. Use the information in the table below to create a line graph.

Typing speed scores										
Weeks	1	2	3	4	5	6	7	8	9	10
Scores	4	10	7	16	8	12	13	17	15	18

To create a line graph, we need to draw a graph with the number of weeks on x-axis and the scores on the y-axis. Then, we need to plot each corresponding week to its corresponding score on the line graph as shown beside.

- b. The tourist board recorded the number of tourist that have visited the town in the past five months (June to October) in a bar graph. Use the data in the table below to create a line graph.

Tourist visits	
Months	N° of tourists
June	20
July	40
August	35
September	30
October	30
