## Measure using an inch ruler

Read the measure of the following objects below to the nearest inch.

a.

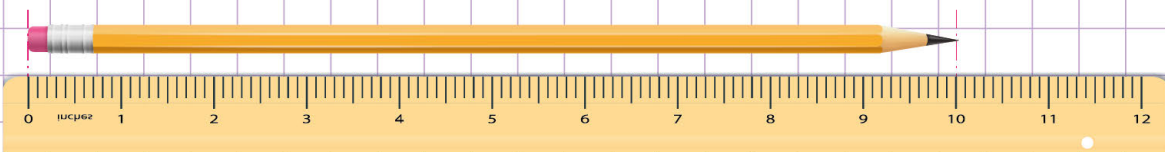

Let's first of all place the mark zero on the ruler at the left end of the pencil

Then read the mark on the ruler where the right end ends.

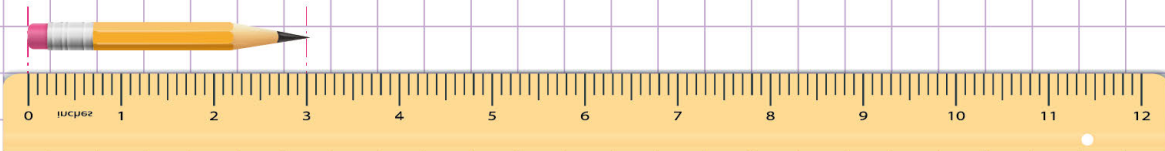

You see that it ends at the mark 6 inch; so, the pencil is 6 inches long.

b.

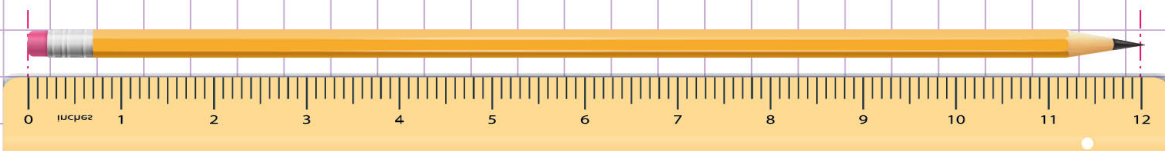

The pencil is 10 inches long.

c.

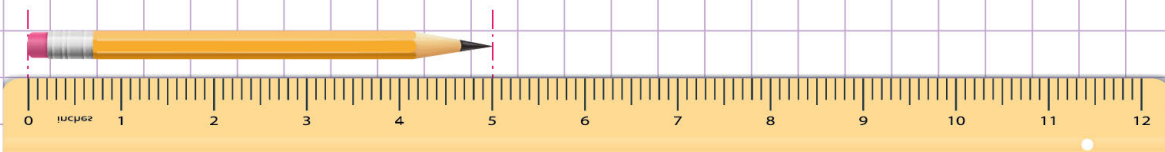

The pencil is 3 inches long.

d.

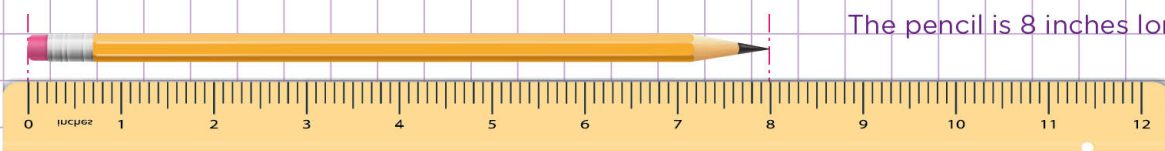

The pencil is 5 inches long.

e.

f.

The pencil is 8 inches long.

The pencil is 8 inches long.
