Time zones

1. If it is 8:30 pm in Eastern time zone, what is it in the central time zone?

The central time zone is 1 hour behind the eastern time zone.

So, let's subtract 1 hour from 8:30 pm to get the time in the central time zone.

It is 7:30 pm in the central time zone.

2. If it is 2:00 am in the pacific time zone, what time is it in the mountain time zone?

The mountain time zone is 1 hour ahead of the pacific time zone.

So, let's add 1 hour to 2:00 am to get the time in the pacific time zone

It is 3:00 am in the mountain time zone.

3. If it is 4:00 pm in the mountain time zone, what time is it in the eastern time zone?

the eastern time zone is 2 hours ahead of the mountain time zone.

So, let's add 2 hours to 4:00 pm to get the time in the eastern time zone

It is 6:00 pm in the eastern time zone.

4. If it is 10:00 pm in the eastern time zone, what time is it in the pacific time zone?

The pacific time zone is 2 hours behind the eastern time zone.

So, let's subtract 2 hours from 10:00 pm to get the time in the pacific time zone.

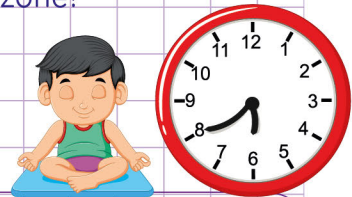

It is 8:00 pm in the pacific time zone

5. If it is 11:00 pm in the pacific time zone, what time is it in the eastern time zone?

The eastern time zone is 3 hours ahead of the pacific time zone.

So, let's add 3 hours to 11:00 pm to get the time in the eastern time zone.

It is 2:00 am in the eastern time zone.

6. If it is 1:00 am in the eastern time zone, what time is it in the pacific time zone?

The pacific time zone is 3 hours behind of the eastern time zone.

So, let's subtract 3 hours from 1:00 am to get the time in the pacific time zone.

It is 10:00 pm in the pacific time zone
